HEMANT YADAV

📞 **9610769080** ✉ **9610hemant@gmail.com** 📍 **Pune** ⦿ https://github.com/hk2166

SUMMARY OF QUALIFICATIONS

- Proficient in Front-End Development: Skilled in HTML and CSS, with hands-on experience in building responsive, accessible, and visually appealing websites.
- Adaptability: Adept at learning new technologies and tools, with a passion for applying knowledge to practical projects.
- Collaborative Learner: Open to new ideas and feedback, continually seeking opportunities to improve skills and knowledge.
- Eye for Design: Capable of crafting clean and user-friendly layouts, ensuring compatibility across browsers and devices.

EDUCATION

AJEENKYA DY PATIL UNIVERSITY   2024-2028

Btech in computer science engineering with specialistion in Artificial Intelligence and machine learning

IIT MADRAS   2024-2028

Bachelor in science in Data Science and Application

TECHNICAL SKILLS

- **Programming language:** Html, Css, JavaScript, Python
- **Development tools:** Visual Studio Code, Xcode, and macOS development environment
- **Web Design:** Skilled in creating clean, visually appealing, and user-friendly website layouts.
- **Open Source Contribution, Frontend, Team-Management**

ACHIEVEMENTS

- **Amazon Sambhav Hackathon | Pune**

  I led my team in the Amazon Sambhav Hackathon, where we were selected from over 25,000 teams. This achievement reflected the strength of our innovative approach and our commitment to excellence in a highly competitive environment.

- **XR Creator Hackathon 10/2024 - 01/2025**

  I gained valuable experience in VR content creation through XR and successfully advanced to the second stage of the XR Creator Hackathon.

- **Hacktoberfest | Open Source Contributor | 10/2024**

  I contributed to several open-source projects during Hacktoberfest, enhancing my skills in coding, problem-solving, and collaboration.

- **Game Development Hackathon**

  In the Scratch Game Development Hackathon, my team and I conceptualized, designed, and developed a fully functional game from scratch.

- **Postman API Fundamentals Student Expert**

  I am a Postman API Fundamentals Student Expert, where I learned in-depth about APIs and gained proficiency in using Postman for API development, testing, and collaboration. This experience sharpened my technical skills in working with APIs and helped me understand how to streamline workflows and enhance integration in development projects.
